

# Mercy Imaging Centers INSIGHTS

## Folsom Expansion NEW SERVICES, ADDITIONAL SITE

Mercy Imaging Center, Folsom is excited to announce a new imaging location for Folsom and the surrounding communities. "Expanding our services is necessary to provide our referring physicians with the mammography and x-ray services their patients require," said Robert Bemrick, Medical Director of Mercy Imaging Center in Folsom. "The two Folsom sites will work together to provide a full array of outpatient radiology services," states Mercy Imaging Centers' Executive Director, Sigrid Owyang.

### NEW ADDRESS

1625 Creekside Drive #101  
Folsom, CA 95630

### PHONE

916.984.1866

### NEW SERVICES

- Digital mammography services, both screening and diagnostic
- Ultrasound guided breast biopsies
- Needle localizations
- Diagnostic X-ray coming soon ~ Spring 2009

For more information, please contact Joy Goodreau, MIC Folsom site supervisor at 916.984.1866.

## Women's Health Services Update MIC, FOLSOM PREMIER SITE FOR IMAGING SERVICES

We offer patients:

- Screening/Diagnostic Digital Mammography with Computer Assisted Detection (CAD)
- Ultrasound Guided Breast Biopsies
- Needle Localizations

Watch for an invitation to our Open House sometime this spring and plan to join us for lunch and a tour of our new location. You will be pleased with the calm, beautiful atmosphere Mercy Imaging Center, Folsom provides.

TIMELINE
- 4 SERVICE FEEDBACK  
FROM OUR VALUED PATIENTS

## GREAT SCHEDULING OPTIONS

Mercy Imaging Centers offer two easy ways to schedule radiology procedures with fast, personal attention for your scheduling needs:

**Call** any of the offices and you can immediately speak to a representative in the office who will coordinate the appropriate appointment for your patients.

**Fax** over the referral with pertinent medical and insurance information, then our staff will contact the patient to arrange an appointment that is perfect for your patient's schedule.

## Insurance Contract Update

Mercy Imaging Centers has renewed its contract with Schools Insurance Authority.

## Service Feedback FROM OUR VALUED PATIENTS

“The Mercy Imaging office staff treated me with respect and went beyond their duties to make me feel comfortable. I know that we don’t always take the time to say a good word, so I wanted to write this note because they really made me feel better than how I was feeling before I came into Mercy Imaging Center.”

~ Renee S, MIC San Juan Plaza

“Thank you for being so kind and taking the time to answer all of my questions.”

~ Diane G, MIC Folsom

“My appointments are always, professional, prompt and friendly. I don’t even bring a book anymore since I never have to read it. The staff is always friendly and competent. Thanks for making an uncomfortable procedure so palatable.”

~ Jenny P, MIC Roseville

“They were fantastic and made me feel comfortable during a procedure I was very nervous about.”

~ Becky W, MIC Carmichael

### GOT MIRA?

MIC is continuously rolling out the Mercy Imaging Remote Access (MIRA) to referring physicians. MIRA allows physicians to view and track patient reports and radiology images throughout the Mercy system.

If you are interested in having MIRA installed, please call our Marketing Department at 800.559.3900 ext. 281.

## Mercy Imaging Centers Timeline

- **June 2007** – Sacramento Radiology becomes Mercy Imaging Centers
